

Deene's Monthly Highlights

Edition Nine

Wednesday 29th June 2022

Our penultimate edition of our monthly highlights is upon us. How did that happen? It really is unbelievable to think that this time last year we were having our transition into school. The year has just flown by. However, what an incredible year it has been with so much learning and most importantly, so much fun! We may only have a short time left in Deene, but we still have lots more time for even more learning and even more fun!

So, what can we share with you this month? Well, as mathematicians we have been amazing. We've been doubling numbers, sharing and this week focussing on odd and even numbers. Mrs Kyberd has had us sorting out her washing in maths....luckily we had clean socks to sort and not smelly ones! We always blow Mrs Waters away with our knowledge and understanding on a Thursday and Friday, she says we're just amazing. Challenge us at home with our number bonds or doubles. We will impress you!

Not only are we wonderful mathematicians. Our writing is wonderful too! We write every single day in Deene. In the morning in our phonics sessions, where we focus on our spelling. Then every afternoon we write sentences. Over the next couple of weeks we are learning about Captain Tom. He is a pirate and you will never believe what he found when he dug for treasure...an old fishbone and a smelly old boot!

This week we opened up a new business in Deene. Deene now has its very own ice cream parlour! We're serving up delicious treats and all sorts of flavours of ice-creams. We've been serving nature ice creams in our mud kitchen outdoors too. We said it would be amazing if we could visit a real ice-cream parlour.

In our R.E sessions we have been thinking about our special places and learning about what a special place for a Muslim would look like. "As-Salaam alaikum" means 'Peace be upon you'. It is a greeting that Muslims say at the end of their prayers. We have thought about things that make us feel peaceful. Lots of us said that we love cuddles with our family. James said that he loves listening to music and playing with his friends and Isacc likes watching T.V.

Today we have all produced some wonderful artwork that we can't wait to share with you very soon!

On Monday we are very excited to be spending the day in our new class as Lilford children. We've been talking lots about what it will be like in Lilford and we are all very excited. We shared with jigsaw Jenni some of our worry's, but it actually turns out they are not worries anymore! We all know it's good to talk in Deene...and we're all very good at talking!

Today we were very excited to discover that it is in fact 'International Mud Day!' As you know, we do love getting messy in Deene, so we can't let this day pass us by. However, to have the best celebration we have decided to postpone our celebration for another week. We will be celebrating next Wednesday. On this day we will need to bring some spare, old clothes to school in a carrier bag.

Team Deene 😊

It's the end of the month again in Deene and a busy, busy time of the year in school with so much going on!

On Monday 11th July we are taking the children on a surprise trip to Gallone's Ice-cream parlour, followed by a picnic and fun in the park. (Fingers crossed that the weather is kind to us on this day!) More details to come your way very soon!

As always, please don't hesitate to come and see us if you have any queries or questions.

Mrs Kyberd and Mrs Waters
